KAN YU FENG SHUI ACADEMY – REPUBLIC OF CYPRUS

FOREWORD

Hallo and welcome,

this is our yearly Guide's third edition! This Guide was born 2 years ago, as a help for our students. Since then, it has been revised and improved many times. New helpful information has been added, the graphic layout revised to be clearer and easily accessible.

In times, the Guide has proven to be useful not only for Feng Shui & Ba Zi students and enthusiasts, but also for beginners, who can easily avoid technical explanation and just follow the advices, or use the lunisolar calendar with basic, simple rules.

There are, probably, many guides or agendas like this. The 2022 Feng Shui Guide is designed to fit the Feng Shui & Ba Zi system we use in our school, Kan Yu Feng Shui Academy. So, there could be some minor differences with other systems. The expert, or the advanced student, will need to be aware of this.

This guide is in a PDF portable format, easy to look at using any device: desktop, laptop, tablet, smartphone. It does not consume energy or trees and you can't forget it somewhere!

This third edition also marks an important point in the development of our school, which started in Italy in 1996. We are going to become an international school - so helping us by buying this Guide will also help to have more Feng Shui & Ba Zi courses in English. And... thanks!

We usually talk about 2022 as the yang Water Tiger year. Though, you must not forget that 2022 in western calendar is going from 2022 January, 1st to 2022 December, 31st. But nowadays, the western calendar has lost most of ancient energetic connections to natural cycles.

In Eastern Astrology (Ba Zi or "Eight Pillars of Destiny"), the **yang Water Tiger year starts on 2022 February 3rd, about 9 pm; ending on 2023 February 4th, about 3 am (GMT+0 - Greenwich Mean Time)**. There are very specific reasons for this, which will not be treated here. Practitioners who use Ba Zi systems based on lunar calendar will need to adjust. This can be easily done using the 'lunar calendar' column.

If you don't live in the GMT+0 time zone, you will need to adjust. Luckily, this is easily done using [Ba Zi Calculator](#), our partner.

A similar issue comes for the month. We usually think a month starts on the 1st and ends on the 28th, 29th, 30th or 31st. In eastern solar calendar, there still are 12 solar months, but they start and end in a date between the 3rd and the 6th day of the (western) month. Again, there are very specific reasons for this, which will not be treated here. For

instance, 'August' is not exactly the Monkey month, which roughly goes from August, 6th to September, 6th. You will find specific instructions inside.

Our wish is getting this Feng Shui guide better and better, as time goes on. For this reason, if you have ideas, advices or any critical comment to improve this Guide, please write us to info@kanyufengshuiacademy.com. Your comment is always welcome.

We really hope this Guide will help you with your living spaces or working spaces. It will help you improving your home layout and gaining benefit from Heaven's Qi: picking the right time for your important activities and choices is the best way to take advantage of energy waves in time!

HOW TO USE THIS GUIDE – IT'S EASY!

This Guide is meant for the use from medium-advanced practitioners. Skilled practitioners will be able to use this Guide in many profitable ways, combining their knowledge and experience. This is particularly true for Date Selection: in the calendar section you can look at all dates (and their positive or negative qualities) in a glance.

Feng Shui beginners and enthusiasts can still have a great benefit. Just skip technical issues and follow the advices. For the Date Selection part, follow general instruction you will find inside.

This Guide will help you mainly in 2 areas: Feng Shui and Date Selection. **Feng Shui** will help you optimizing your home and workplace to get the best energies of this year – and avoid the worst. **Date Selection** can be used for the starting of important activities, projects and events in life (like marriage, changing house, etc.). it is also used to find the correct time for taking a critical decision, and for many other things, like starting a diet, closing an issue, decluttering your house and so on.

At a basic level, the most important role of this Guide is to avoid mistakes in your house, and avoid bad dates for your important activities, that is **avoid doing the wrong thing in the wrong moment**. Anyway, we recommend you ask professional Feng Shui advice if you are not sure or not skilled enough. Any question? You can join our Facebook [Kan Yu Feng Shui Community](#), where you will get an answer! It's free and you can meet a lot of Feng Shui enthusiasts!

In the Feng Shui section, you will find the general qualities for year 2022 and then, advices you can use in your house or workplace to improve your life and work. This is done by analyzing the interactions between the Ba Gua (a 3x3 grid placed on your house) and flying stars.

You will also find very detailed pages regarding the timing for **construction works**. Certain areas or directions should not be disturbed this year – or, if you have to do so, you have the option to pick the good date and avoid the bad. You should use the construction works pages together with the calendar section to get full benefit.

The **calendar** section displays a wide range of information on every day, in a graphic and visual frame that makes it easy and fast to use, especially for western people. If you know how to use Ba Zi (Chinese Astrology) and how to assess a Four Pillars chart, you can take great advantage mixing favorable and unfavorable energies for the person and the information from the calendar.

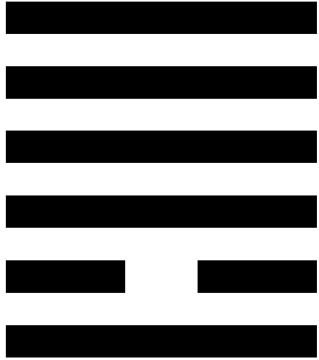

You can plan your most important activities from the beginning of the year!

For more detailed calculation, we recommend to use [Ba Zi Calculator](#).

FENG SHUI 2022

GENERAL ASSESSMENT

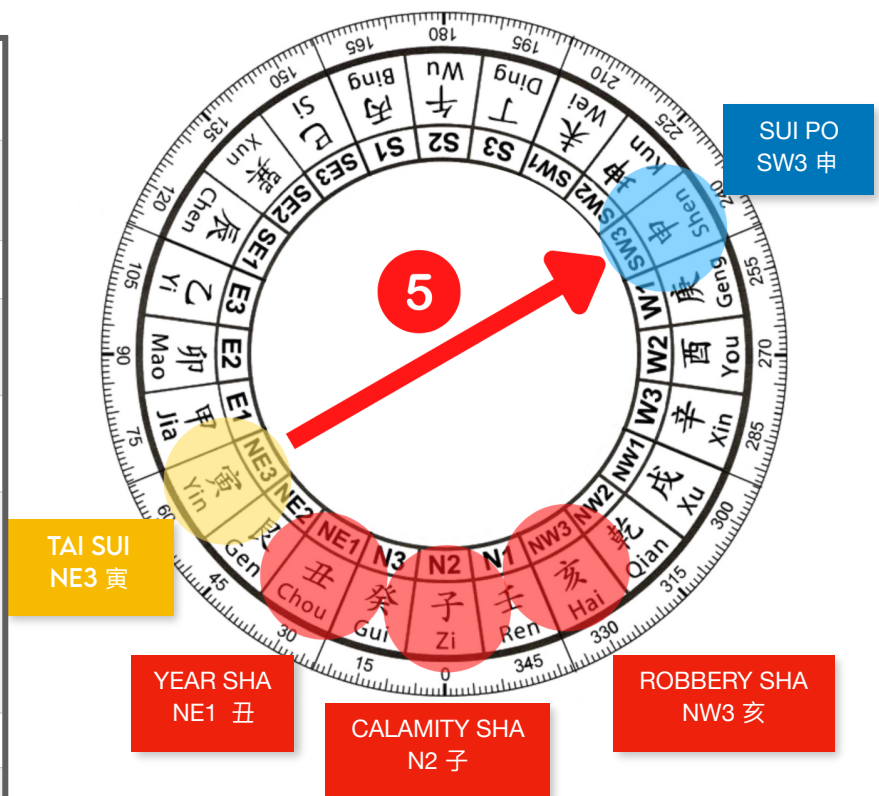

2022 is the yang Water Tiger year. It is associated to hexagram 13 “Seeking Harmony”: Heaven above the Sun.

In the Chinese solar calendar, the yang Water Tiger year **starts on 2022 February 3rd, about 9 pm; ending on 2023 February 4th, about 3 am (GMT+0 - Greenwich Mean Time)**. Note that from 2022, January 1st to 2022, February 3rd we are still in the previous yin Metal Ox year. You can use [Ba Zi Calculator](#) to adjust the hour to your local time.

The **Tiger** is the first of the 12 animals of the Chinese zodiac. They are also called “the 12 Earthly Branches”. The Tiger is a **Wood** animal, but it also contains an active spirit of Fire, and a weaker spirit of Earth. In the **Water Tiger**, the spirit of Wood becomes stronger, but the hidden spirit of Fire cannot express. So Fire can’t help Wood very much with his growth.

The hexagram associated to the yang Water Tiger is no. 13 “Seeking Harmony”. To break through in a tough situation, people need to work together in harmony, as in an alliance.

NORTH

In 2022 each of the 9 stars is coming back to the original palace, after a long journey. This is generally auspicious, as each star is welcomed in its palace. This configuration limits the total number of possible combinations of stars, so energies will be more static this year from a Feng Shui perspective. This is particularly true in the yang Earth Monkey month (roughly August), when we have a triple repetition of stars.

When each star is coming back to its original palace, this brings harmony and the general meaning of 'reconnection with the source'. Each star is particularly strong in its palace, but is also a bit stubborn. Does not like much activity, so it must be stimulated. The 8 Fate Star can help, but not always.

The best way to attract a star (positive) influence is usually to use the area where the star is located, for the specific purpose related to the star.

Example: if you want to use star 1 for progress in work, you should use the north area for your desk/work. But in real life, this is not always possible.

A second option is to use the north area inside the room you are already working in. Again, this is possible only if the room is big enough and if you have the chance of moving your workplace in the new position.

A third option is using the north direction, for example at the back or in front of your workdesk.

A fourth option is to activate the star in a different, symbolic way. If you are not clear, we recommend a professional Feng Shui advice.

NORTH

Yearly star 1 is visiting the North Palace. This is a good star, especially for development, success, growth. It is also good for artistic and even academic achievement (if you cannot use star 4, use star 1!). Social relationships can also benefit from star 1, especially if you have your main door in the north. This area is also very good for long-term growth, gains and success in work.

Star 1 is also the Star of fertility, so if you have a bedroom in the north, it is more likely to have babies.

Star 1 in the north area is particularly favorable for work, gains, development and success.

If you have star 1 at the back of the house (i.e., your house is facing south, star 9), there could be positive changes and development inside the family and with family relationship. These houses can also bring help from your family. Some favorable news are coming too.

If you have star 1 in front of your house (i.e., your house is facing north and has the back at the south, star 9), expect chances of development in many areas of life, with a dash of competition. You can get help from your family or relatives.

If you have star 1 on the main door (i.e., your main door is in the north area), expect good news, opportunities, new people coming into your life.

The north direction has some negative influence too. If your house is facing south, there could be competition in life, inside the family or between your backers. Be careful whom you trust.

If your house is facing north it is better, the competition is bearable.

If your main door is in the north palace, you will need extra care, because north is the Sha sector this year. The risk level is higher. You could use a protection or a guardian as a filter, to be placed outside the door, facing north. Another option is to use the back door (or a second door) as a main door this year, especially if it's facing a good star.

Although north has good stars, this year you should not place a bed or a desk facing north or south - unless you know how to use Date Selection - because you could activate the San Sha.

So, the north area is a very good area, but don't make changes here in the Water Tiger year!

NORTH EAST

A good area, even if a bit slow and quiet because there are only Earth stars. It is a good area for children. Using this area can bring slow-paced benefits, especially at work. You can get help or assistants.

In the yang Water Tiger year, houses built on the NE-SW axis (i.e., facing north east or facing south west) will be worse than usual, because all central palaces (the spine of the building) are occupied by Earth stars.

This year the north east area should not undergo any renewal or change. This place must be left quiet and be used for everyday activities. Do not move or replace furniture.

In some main rooms (but not bedrooms!), it is possible to activate the **Wealth Position**. If it happens the Wealth Position is in the north east corner, it is very good! Other good options for the Wealth Position are south, north or north west corners.

If your house is facing south west, it would be better not to undertake any major change in the whole house. Check the south west direction: you want to avoid sharp, crooked or irregular forms, water and road Sha. This is because you have the Sui Po in front of your house, and this can be challenging. If you need help, ask your family. It is possible that this year, you will buy/sell assets.

If your house is facing north east, you have the Sui Po at the back, which is even worst. Again, it would be better not to undertake any major change in the whole house. Check the south west direction: you want to avoid sharp, crooked or irregular forms, water and road Sha. You can still get help during the year. There is also the possibility of saving money or buying/selling properties or buildings inside the family.

For houses built on the NE-SW axis, we recommend a Feng Shui check before 2022, February 3rd.

If your main door is in north east direction, the door is disturbing the Tai Sui. Do use this door only for regular house activities or, if possible, use a second door or a back door as main entrance. This is particularly true if your door is opening in the Tiger direction (see 24 Mountains).

If the door is opening exactly in the Ox direction, the door is getting the Earth (annual) Sha. This can cause delays, slow growth, slow activity. We advise a Feng Shui professional check.

EAST

East is receiving annual star 3 yang Wood energy. Star 3 is related to arguments and strong competition. It can help if you want to do something 'not the regular way'. Star 3 likes cunning, sneaky and not-necessarily-legal ways of action, so if you want to use this star, you need to stay in this mood. You can use star 3 to fight and overcome some strong competitor, for example.

In 2022 the east can also bear tension, conflicts, issues with authority, rebellion and impatience. It is not suitable for children, especially young boys: there could be a problem with parents. Do not add green in this area, especially dark green. When you talk to your boy, don't do it in this area!

If you work together with a few colleagues, be careful about hidden competition and gossip.

If your house is facing east (i.e., you have west at the back), you will have star 3 in the front and star 7 at the back. Be careful about competition, gossip, burglar and knife-stabbing. Still, there is a favorable evolution inside the family.

If your house is facing west, still the same issue. But, if you overcame problems and competitors, there is potential for a great growth. This is true particularly in the second half of the year (from August on).

If your main door is in the east sector, be careful in every day's activity. Gossip and competitors can be lurking outside, especially if you can see a '3 shape' outside, from the main door.

If you have star 3 in your main bedroom, it is more likely to have a baby. You should be always very fair and honest to your partner, though - otherwise star 3 can exert its negative effect.

Anyway, star 3 can give a lot of energy and thrust. If you can use it, better!

SOUTH EAST

The yearly star 4 is visiting its original palace. Star 4 is the 'lesser fortune' star, while star 1 the 'greater fortune' star. Star 4 is related to two different scopes.

Star 4 is the star of the scholar. It helps students, and anyone whose work has to do with art, literature, publishing, writing, education, teaching, research and science.

Star 4 is also the star of love. It helps getting a new partner and fall in love.

In 2022 south east is a good area, particularly for study, work, research - and especially to work or to produce under pressure.

If your house is facing south east, you will have star 4 in the front and star 6 at the back. This is a good combination indicating help or protection from family, and good luck during the year.

If your house is facing north west, you will have star 6 in the front and star 4 at the back. This is a good combination indicating activity inside the family, and helpful mentors or patrons that can give you advice or guide you.

If your main door is in the south east sector, expect an year of smooth activity, and maybe some love!

If you have star 4 in your main bedroom, be careful with your partner. It is a good time to renovate the couple's intimacy - if you don't do that, there is a possibility of extra-marital relationships.

If you want to use star 4 for study and work, please refer to the 'Positioning Desk' paragraph. You could also use a symbolic activation, but you need to know how to do it.

You can also use star 4 for love, especially finding/attracting a new partner. You can use a 4-fold Feng Shui activator. It can be 4 nice small round stones, 4 small orchids or bamboo sprouts, 4 lights or lampshades... depending on the Ba Gua sector you are working in. The activator must be in harmony with the sector's main energy. You will put your activator in the south east corner of the room you chose, or in the corner associated with your personal Peach Blossom star (see below).

You will also need when to start the activator. Use the lunisolar calendar to pick a good date. To summon the power of love, use your personal Peach Blossom star in the day/hour. You can calculate your personal Peach Blossom star in the 'Instructions & Tables' section; you can also use [Ba Zi Calculator](#).

Once you placed the activator, you will need to take care of it - at least once a week. Don't just put it there and forget! Moreover, do go out and look for new friends and new types of people, after the activation. It is also important to make a selection; don't just go with the first one! If you find a new partner and you are happy and in love, you will need to remove the Feng Shui activator, or it will bear you new potential partners. Do it in a Close, Balance or Remove day.

SOUTH

Yearly star 9 is visiting the South Palace. This is a good star, bearing a lot of activity. It will become stronger in the second part of the year (from August on). Therefore, it would be better this being a yang, active room: to work, study, socialize, play.

If you have star 9 at the back of the house (i.e., your house is facing north), expect chances of development in many areas of life, with a dash of competition. You can get help from your family or relatives.

If you have star 9 in front of your house (i.e., your house is facing south), there could be positive changes and development inside the family and with family relationship. These houses can also bring help from your family. Some favorable news are coming too.

If you have star 9 on the main door (i.e., your main door is in the south area), expect activity and progress in your life.

The south direction has some negative influence too. If your house is facing south, there could be competition in life, inside the family or between your backers. Be careful whom you trust.

If your house is facing north it is better, the competition is bearable.

If your bedroom is here, don't use red or strong colors. Enhance the yin, using soft tissues, carpets, curtains. This year ,you should not place a bed or a desk facing north or south - unless you know how to use Date Selection - because you could activate the San Sha.

CENTER BUILDING/HOUSE

Star 5 is coming to the center. Star 5 is the star of stability and sudden instability, often associated with sudden and unwanted changes. However, star 5 is less dangerous in the center than in any other location.

Center house is the core of your whole house. It represents the people living there (Human Qi). So, this year it is possible that a new member comes, or someone is going away for work, or there is a change in the structure of the family, or in the role of members. But this is not enough, because this year all and every house will have 5 in the center. To judge, you have to look at house plans and house direction (sitting and facing).

If the center is blocked or cut, in some way, star 5 will not be able to exert its influence. If the center is open and used for movement, some change is more likely. If the center is open and directly connected to the main door of the facing, some change is even more likely.

Don't engage in risky activities in the center.

If it happens you enter your house from the center, it is better to use a back door or a secondary door this year.

If you live in an apartment building, check the position of stairs/elevator on the whole plan. If the stairs/elevator are in the center, and your apartment door is looking directly to the stairs/elevator, there could be some changes in the building's management, or even some problems with building's management.

SOUTH WEST

The South West Palace is not that great this year.

In the yang Water Tiger year, houses built on the NE-SW axis (i.e., facing north east or facing south west) will be worse than usual, because all central palaces (the spine of the building) are occupied by Earth stars.

This year the south west area should not undergo any renewal or change. This place must be left quiet and be used for regular everyday activities. Do not move or replace furniture.

If your house is facing south west, it would be better not to undertake any major change in the whole house. Check the south west direction: you want to avoid sharp, crooked or irregular forms, water and road Sha. This is because you have the Sui Po in front of your house, and this can be challenging. If you need help, ask your family. It is possible that this year, you will buy/sell assets.

If your house is facing north east, you have the Sui Po at the back, which is even worst. Again, it would be better not to undertake any major change in the whole house. Check the south west direction: you want to avoid sharp, crooked or irregular forms, water and road Sha. You can still get help during the year. There is also the possibility of saving money or buying/selling properties or buildings inside the family.

For houses built on the NE-SW axis, we recommend a Feng Shui check before 2022, February 3rd.

If your main door is in south west direction, the door is activating the Sui Po. Do use this door only for regular house activities or, if possible, use a second door or a back door as main entrance. This is particularly true if your door is opening in the Monkey direction (see 24 Mountains).

WEST

West is receiving annual star 7 yin Metal energy. This is good as it is activating the Period Star 1. West is a good area in 2022, especially for development, new contacts, new ideas. If you use this area a lot, be careful because you could feel exhausted. Take time to recover.

If your house is facing east (i.e., you have west at the back), you will have star 3 in the front and star 7 at the back. Be careful about competition, gossip, burglar and knife-stabbing. Still, there is a favorable evolution inside the family.

If your house is facing west, still the same issue. But, if you overcame problems and competitors, there is potential for a great growth. This is true particularly in the second half of the year (from August on).

If your main door is in the west sector, you can have many unexpected opportunities that you can take advantage of.

If you have star 7 in your main bedroom, it is more likely to have a baby. Star 7 is nurturing star 1 which brings new things alive.

NORTH WEST

The yearly star 6 is visiting its original palace. Star 6 has to do with authority, power, command, reputation, determination, career in corporation or big companies, long life, health.

In 2022 north west is a good area, particularly for career jumps and getting help from protectors or patrons; to gain more power or authority.

If your house is facing south east (i.e., you have north west at the back), you will have star 4 in the front and star 6 at the back. This is a good combination indicating help or protection from family, and good luck during the year.

If your house is facing north west, you will have star 6 in the front and star 4 at the back. This is a good combination indicating activity inside the family, and helpful mentors or patrons that can give you advice or guide you.

If your main door is in the north west sector, you could meet some important or powerful person; you can be offered a new work.

If you have star 6 in your main bedroom, that's good!

BED POSITIONING

We usually don't use yearly or monthly stars for bed positioning, and that's the reason why we won't treat this subject here. A bed is usually meant to stay in place for more years, and it is more difficult to replace than a desk or a table. To move a bed, we need to use other stars, with longer effect. So, we don't usually move the bed, based on yearly or monthly stars.

You could, anyway, need to move a bed to a new position/room, or place a new bed this year. In this case, it is good doing it in a month where the monthly star is favorable in the room, and you have another good monthly/yearly star at the back of the bed. Look at the **monthly stars table**, and look for the stars marked in green (or at least grey). In any case, avoid red stars!

It is also very important to avoid bad energy configurations in the day you place the bed and sleep in for the first time. You can use the calendar to pick the right date. Positioning the bed is a very important issue, as we usually sleep there for about 1/3 of our life. A professional advice is recommended.

Even if we don't move the bed based on yearly/monthly star, the stars will still exert their influence on the bed. **This is why in 2022 you shouldn't place a bed with the back to north, south west or towards the house center** - unless you are very careful with Date Selection.

Unlike beds, desks (especially work desks) are usually much easier to move to a new position, and in case revert back to the original one.

WARNING: do NOT place a bed or a desk just based on the flying stars. You also need to respect the Form School principles: correct back/front positioning and so on. If you are uncertain about how to correctly mix Form and Compass School, we recommend a professional consultation.

DESK POSITIONING

A desk is usually much easier to move and replace than a bed. When positioning a desk, you want to check:

- the area occupied by the desk in the room, applying a 3x3 grid to the room itself (Earth Qi);
- your desk's direction (back and facing) (Earth Qi);
- yearly and monthly stars in the Ba Gua Palace (Heaven's Qi);
- the day and hour you activate the desk (Date Selection, Heaven's Qi).

What you need to do, is putting together in a correct way Heaven Qi and Earth Qi. When you place the desk in a new position, you also have to start using it. Moving the furniture is not enough. You should start a new important project, make important phone calls, send important e-mails and other stuff like this - depending on your type of work.

In 2022 you shouldn't place an important desk with the back to north, south west or towards the house center - unless you are very careful with Date Selection. If you want to put a new important desk in one of these directions, it is better doing it before 2022, February 3rd.

Desk positioning is getting more and more importance, also due to the great diffusion of **smart working** everywhere in the world.

If you have star 1 at the back of the desk (i.e., your desk is facing south, star 9), you will find interior and exterior resources to develop your work and project into the future. Anyway, this position is not very good, since you have the San Sha at your back - it can bring many problems at work. You should consider moving desk from this position in 2022.

If you have star 1 in front of the desk (i.e., your desk is facing north, star 9 is in your back), there will be new projects starting and a transformation (or upgrade) in the way you work daily. This position is better than the previous one.

If you have star 1 in the broader front of the desk and the room (office) door is there, there will be new clients, new people calling you, new work opportunities.

If you have star 4 at the back of the desk (i.e., your desk is facing north west, star 6), you can get a recognition or a prize in literature, art, science or publishing; you can have a career jump; you can pass an examination to a higher level. This position is particularly good for students.

If you have star 4 in front of the desk (i.e., your desk is facing south east, star 6 is in your back), you will find people helping, guiding and protecting you in your study or work. It is also good for students, for publishing or writing.

If you have star 4 in the broader front of the desk and the room (office) door is there, there could be some news helping your work, especially if it is publishing or writing.

If you have star 6 at the back of the desk (i.e., your desk is facing south east, star 4), you will find people helping, guiding and protecting you in your study or work. It is also good for students, for publishing or writing.

If you have star 6 in front of the desk (i.e., your desk is facing north west, star 4 is in your back), you can get a recognition or a prize in literature, art, science or publishing; you can have a career jump; you can pass an examination to a higher level. This position is particularly good for students.

If you have star 6 in the broader front of the desk and the room (office) door is there, you could meet important or powerful people; they could help you or work with you. They could also offer you a new job.

If you have star 8 at the back of the desk (i.e., your desk is facing south west, star 2), either you move before Feb. 3rd, 2022; or you don't move the desk at all till February 2023.

If you have star 8 in front of the desk (i.e., your desk is facing north east, star 2 is in your back), you should consider moving desk from this position before Feb. 3rd, 2022.

If you have star 8 in the broader front of the desk and the room (office) door is there, you will get help from outside, you can have great reward by secondary or minor work projects and activities.

WARNING: do NOT place a bed or a desk just based on the flying stars. You also need to respect the Form School principles: correct back/front positioning and so on. If you are uncertain about how to correctly mix Form and Compass School, we recommend a professional consultation.

CONSTRUCTION WORKS

	<p>The month is terrible. You need a to use a good date.</p>
	<p>The month is not that favorable. Try the best to select a good date.</p>
	<p>Neutral month, so you won't get that benefit, but neither handicap. It is important to select a nice date.</p>
	<p>Neutral month, so you won't get that benefit, but neither handicap.</p>
	<p>Favorable month, but be careful because some days could be really terrible.</p>
	<p>Favorable month. Just avoid worst dates.</p>
	<p>Very favorable month. Just avoid worst dates.</p>

Why is it important to select a good date for construction works? Well, construction works can be quite expensive and extenuating, so we don't want delays, any kind of problem, quarrels, mistakes, problems with authority and so on. We also want the works well-executed and long-lasting. But especially, we don't want wrong time or wrong 'space' works to negatively affect our life. That's why Date Selection is so important for construction works!

When we talk about construction works, the key is avoiding bad dates. It is not that important that you choose the best date - in fact you could use any good, very good or neutral date, or even slightly unfavorable. What is important is avoiding unfavorable and very unfavorable dates.

You should put particularly care for the north east, south west and center areas in 2022.

If you are planning any refurbishment, renewal, taking down walls, excavation, construction works, ..., you need to select an appropriate day and time. Using the 12 Day Officials is important too. For excavation and demolition, a Destruction day is ok! But if you are (mostly) building new, you should use an Establish, Settle, Success day or, at least, a neutral Official. At the same time, Establish, Settle and Success day are very good Officials, but they are not that suitable for excavation or demolition. When using 12 Day Officials, you have to look at what is proper for the activity you are going to start. You can get all the information about 12 Day Officials in the Tables Section.

If you are planning big works, that involve most area of the building, start in a good palace and then move on. In 2022 don't start work in north east, center or south west areas. If you start in the north area, be careful to avoid San Sha (Pig, Rat and Ox days), but you also want to avoid minor Sha (yin and yang Water as a day stem).

So, if you are planning construction works in the yang Water Tiger year, it is strategic to check all the 12 months in advance and make a clear schedule - which, by the way, will also help you to better organize your life!

SECTION II

INSTRUCTIONS & TABLES

1 - BA GUA LO SHU

When applying to a building/house, the north Palace must be aligned to the geographical north. Usually, you can take this measure with a simple compass. The Ba Gua must NOT be used aligning the north Palace to the main door: this is wrong.

The Ba Gua is a 3x3 grid. It must be drawn fitting your house plan. Each of the 9 boxes is called 'Palace'. Each Palace has a Lord. The Lord is the energy hosted in the Palace (for instance, the north Palace is ruled by Lord Water, the south is Lord Fire's Palace, and so on).

The color in each box DOES NOT MEAN you have to paint the room that way. It is just an easy, graphical way to remember the color associated to the Body Energy (i.e. the Lord) ruling the box.

The number in each box is called 'Star' and it mainly represents the Late Heaven Sequence of Trigrams (see further), especially when it moves. So, 1 is the Star related to the north Palace, and especially to Water energy residing in the north. Moreover, it is connected to the Trigram 'Water', also residing in the north.

<p>EAST SOUTH</p> <p>Yin Wood Star 4 Trigram: 'Wind'</p>	<p>SOUTH</p> <p>Yin/yang Fire Star 9 Trigram: 'Fire'</p>	<p>SOUTH WEST</p> <p>Yin Earth Star 2 Trigram: 'Mother Earth'</p>
<p>EAST</p> <p>Yang Wood Star 3 Trigram: 'Thunder'</p>	<p>CENTER</p> <p>Yin/yang Earth Star 5 yin Fire no Trigram</p>	<p>WEST</p> <p>Yin Metal Star 7 Trigram: 'Lake' / 'Marshes'</p>
<p>EAST NORTH</p> <p>Yang Earth Star 8 Trigram 'Mountain'</p>	<p>NORTH</p> <p>Yin/yang Water Star 1 Trigram 'Water' / 'Well'</p>	<p>NORTH WEST</p> <p>Yang Metal Star 6 Trigram: 'Father Heaven'</p>

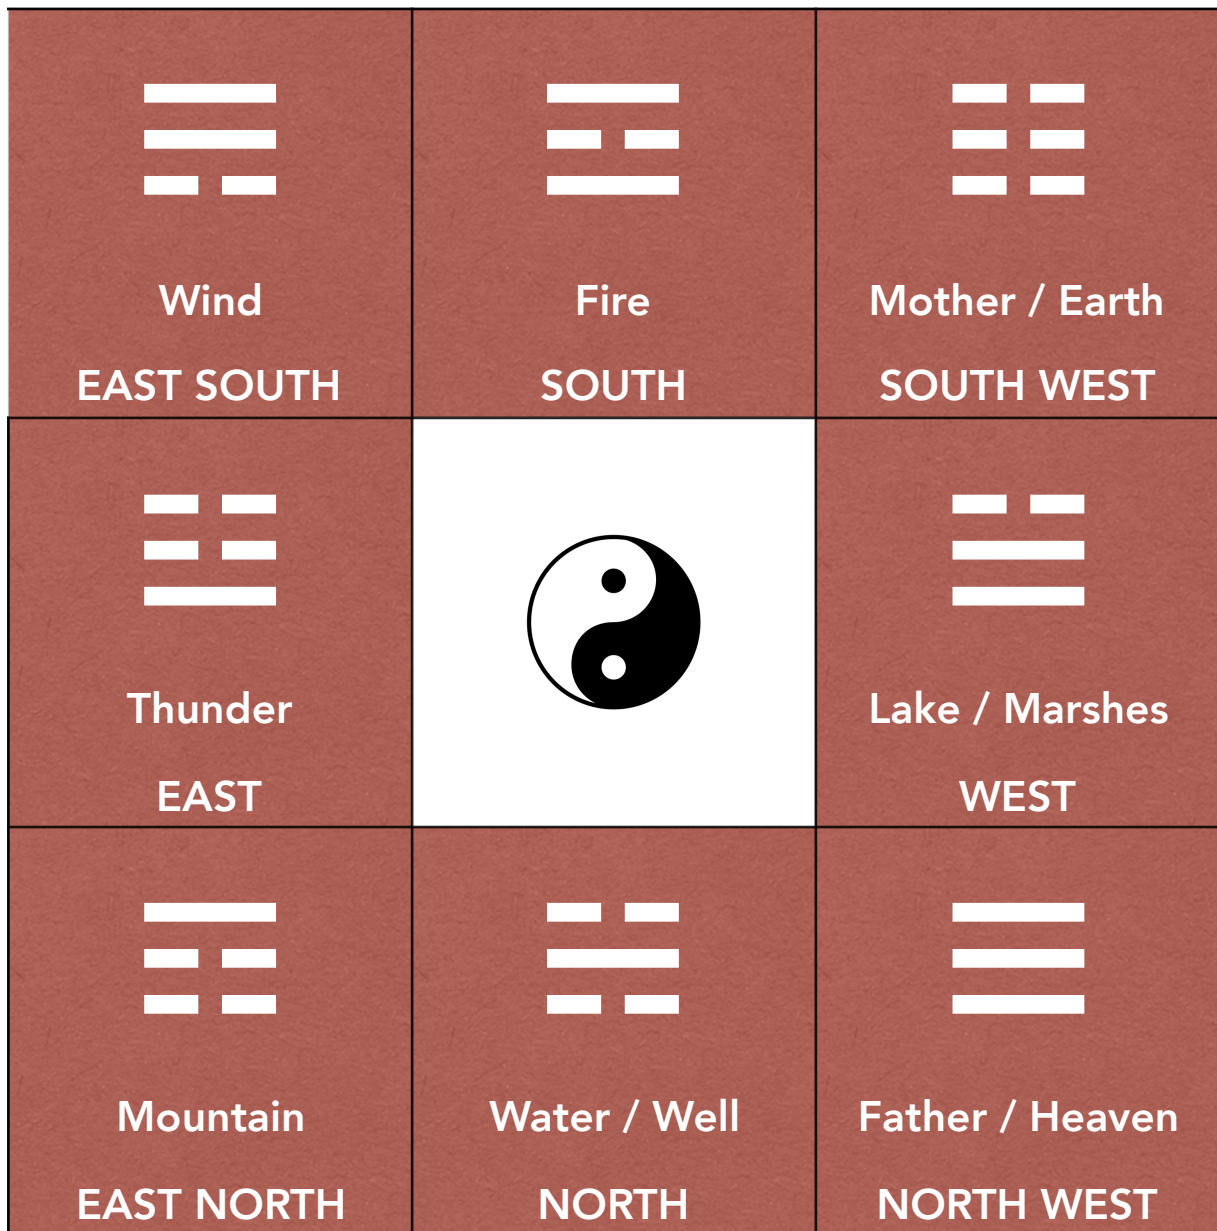

2 - TRIGRAMS: EARLY HEAVEN SEQUENCE

This is the former arrangement of the 8 Trigrams. It is symmetrical.

3. TRIGRAMS: LATE HEAVEN SEQUENCE

This is the latter arrangement of the 8 Trigrams. It is not symmetrical. It is connected to seasons and to the Ba Gua Lo Shu layout of energies.

4. THE 10 HEAVENLY STEMS

They represent pure Heaven Qi, based on eastern 5-movement theory. They are divided in two groups: the yang stems and the yin stems. They get a direction (24 Mountains) and an image associated. As a Day Masters, each Stem has specific natural features.

甲	Yang Wood	East 1	Tree	Fast growth, new births, rapid evolution, rigidity
乙	Yin Wood	East 3	Grass, shrubs, leaves	Communication, balanced and gradual growth, adaptable
丙	Yang Fire	South 1	Sun, a big fire	Transformation, light, fame
丁	Yin Fire	South 3	Stars, a small fire or man-made fire	Empathy, warmth, fervency
戊	Yang Earth	Center, SE, NW	Rocks	Stable, reliable, protective, stubborn
己	Yin Earth	Center, NE, SW	Soil, gravel	Fertile, fruitful, joyful, nurturing

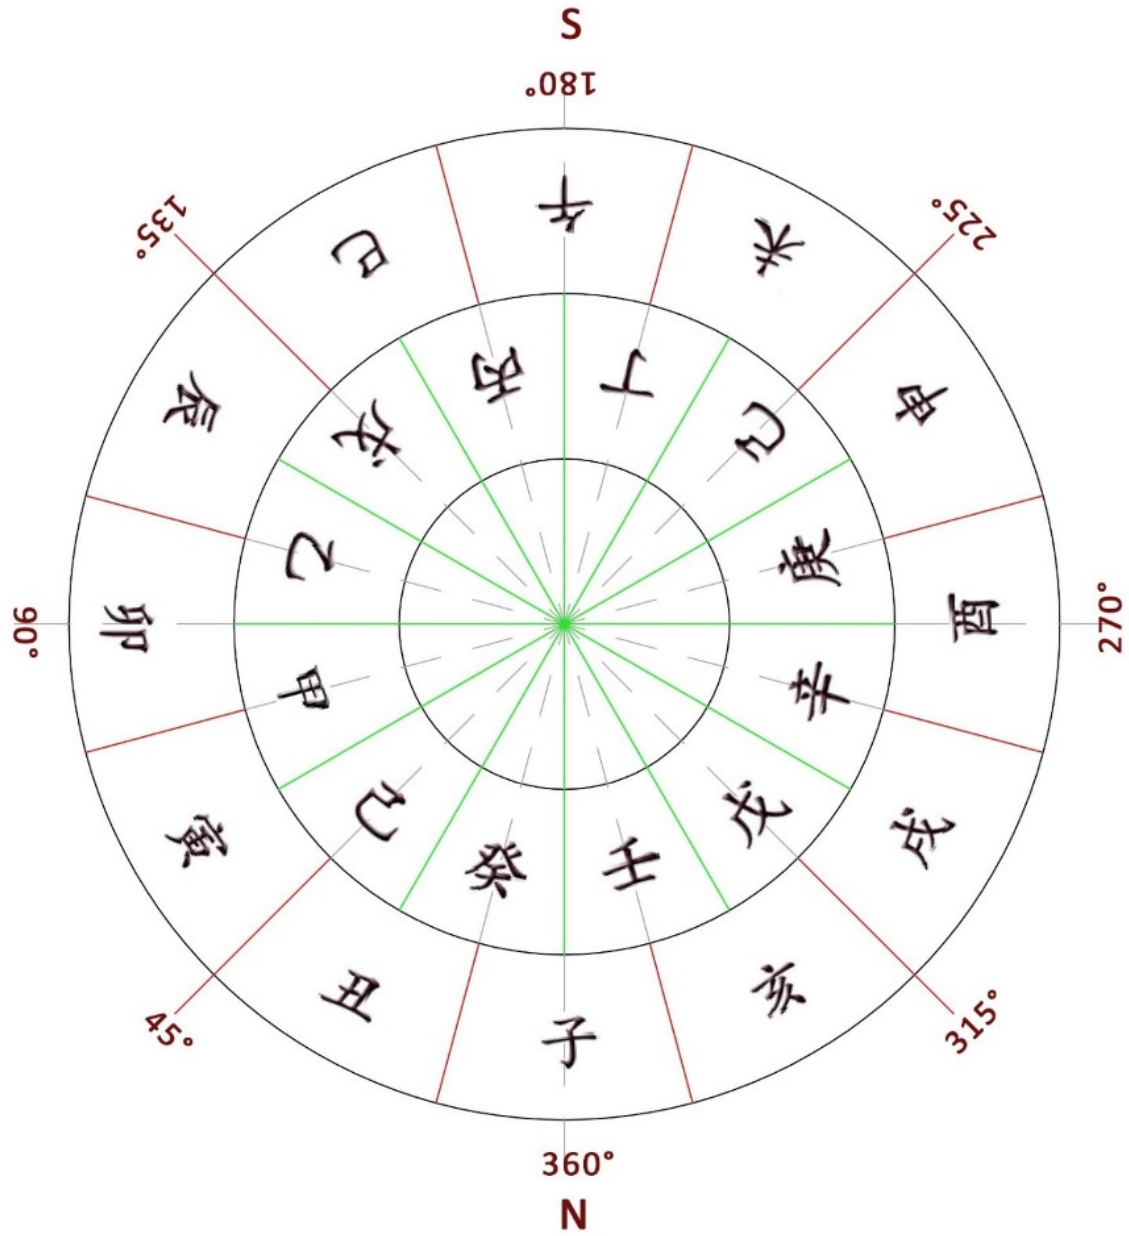

庚	Yang Metal	West 1	Natural structures	Faithful, loyal, responsible, strong
辛	Yin Metal	West 3	Gems, nuggets	Elegant, fashionable, sophisticated, sharp, entertaining
壬	Yang Water	North 1	Ocean, sea, lake or a big river, heavy rain	Wisdom, big vision, always moving, adaptable
癸	Yin Water	North 3	Pond, a small river, fog, a well	Mystery, concealing, imagination, down-to-earth, very adaptable

5. THE 12 EARTHLY BRANCHES

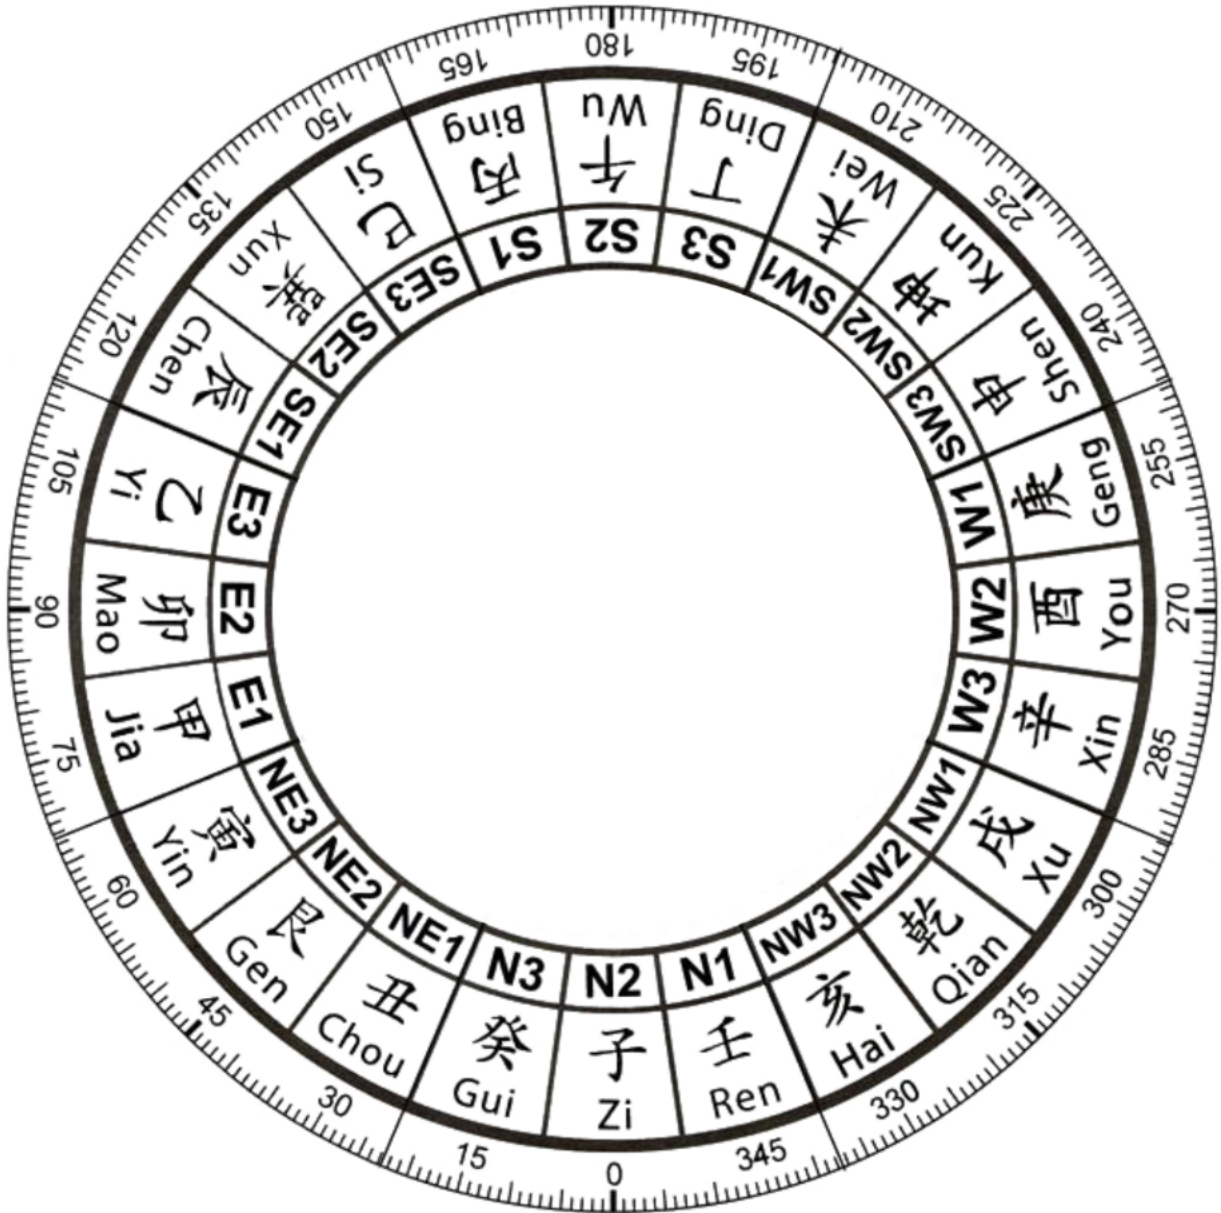

They are associated to the 12 Animals of the Chinese Zodiac. They are connected to specific directions (24 Mountains), seasons, and times.

8. THE 60 PILLARS AND THE PERSON'S BIRTH CHART

We have 10 Heavenly Stems, representing Heaven's Qi, and 12 Earthly Branches, representing Earth's Qi. When Heaven meets Earths, Stems and Branches get paired. We should expect $10 \times 12 = 120$ possible combinations, but due to the way of combining Stems and Branches, there are only 60 possible combinations. This is because a yang Stem can only be associated to a yang Branch, and similarly for the yin.

6. Aging ·	5. Prosp. Peak ++	6. Aging ·	11. Womb ·
3. Attire +	5. Prosp. Peak ++	12. Gestation ·	11. Womb ·

These 60 combinations are called the 60 Pillars. They represent 60 possible ways of natural manifestation in the material world. These 60 Pillars are used to count time in a spiral pattern, and are associated to years, months, days, and hours.

So, because you are born in a certain year, in a certain month, in certain day, and at a certain hour, you will get 4 Pillars to describe the time you were born. This is your natal chart in Chinese astrology (Ba Zi). You can see here an example. You can clearly see the 4 Pillars, reading from right-to-left: year, month, day, hour. You can also see the 4 Stems over the 4 Branches.

You can easily calculate your personal birth chart using [Ba Zi Calculator](#).

In Chinese astrology, your birth chart represents your life layout, whilst there is a specific element representing YOU inside your life. This is called 'Day Master': you can find it in the day Stem (third top from the right). Most of the analysis is done based on the Day Master.

The position under the Day Master is important too. It is the 'House and Spouse Palace'. This is your personal zodiacal animal, while the one most known in the West is the year animal, which is really very very general.

You can use this basic information to tailor up on your personal chart the dates you are choosing for important activities, to get maximum benefit.

9. CALCULATING THE SAN SHA (THREE SHA'S)

EARTHLY BRANCH		ROBBERY SHA	CALAMITY SHA	EARTH SHA
子	Rat	巳	午	未
丑	Ox	寅	卯	辰
寅	Tiger	亥	子	丑
卯	Rabbit	申	酉	戌
辰	Dragon	巳	午	未
巳	Snake	寅	卯	辰
午	Horse	亥	子	丑
未	Goat	申	酉	戌
申	Monkey	巳	午	未
酉	Rooster	寅	卯	辰
戌	Dog	亥	子	丑
亥	Pig	申	酉	戌

The San Sha are calculated based on an Earthly Branch. Robbery Sha has to do with being robbed or losing something, even metaphorically. Calamity Sha is the worst Sha. Earth Sha bears isolation, immobility, delays, blockages. All this are clearly marked up in the Lunisolar Calendar.

San Sha can be applied in many different ways and different situations. If you don't know what you are doing, just follow instructions.

10. PERSONAL STARS

10a. Peach Blossom by the Pool / Water Peach Blossom

This star is related to being attractive, magnetic and fascinating. It is used in Feng Shui when you try to activate Star 4. The calculation is based on the Earthly Branch under the Day Master. So, you have to print your birth chart first, and then using the table you will find your personal Peach Blossom by the Pool Star. The star is always carried by an Earthly Branch. You want this star in the day (hour) you set up your Feng Shui activator.

10b. Red Matchmaker

This star is not very well known, but it is a strong love star. When this star is active, you can find a new partner and fall in love. If it is carried by the current year pillar, the probability of falling in love is high. The calculation is again based on the Earthly Branch under the Day Master. So, you have to print your birth chart first, and then using the table you will find your personal Red Matchmaker Star. The star is always carried by an Earthly Branch. You can use this star in the day (hour) you set up your Feng Shui activator.

There are 60 Pillars and 64 Hexagrams. Traditionally, 4 Hexagrams were taken out from space and time level of manifestation, because considered too powerful and metaphysical. They are: 01 Initiating (Heaven over Heaven), 02 Responding (Earth over Earth), 29 Darkness (Water on Water), 30 Brightness (Fire on Fire). This seems the most correct approach. In modern times, however, four pillars (marked in the table above) are paired to two Hexagrams. Which way you use, depends on your approach.

12. THE 12 DAY OFFICIALS

It is a simple but effective method, which associates to the Day Pillar (in particular the Earth Branch) some distinctive characteristics, suitable for specific activities. This method could be integrated with other information, the stars, the favorable and unfavorable energies of the person.

In the Lunisolar Calendar, the Day Officer is indicated in the fifth column (from left). You can also calculate the Day Officer using the table at the end of this chapter. Just find the column corresponding to the month; in this column find the day you want (EB); follow the line on the right and find the Day Officer.

There are 12 Day Officers. Each of them favors specific activities and outputs, and opposes different ones. Reading the description, you should use the best one(s) for your specific activity.

13. INSTRUCTIONS

In the following Lunisolar Calendar, you will find most important information related to the Sun cycle, the Moon cycle, Jupiter (Tai Sui position), symbolic stars, San Sha and much more.

Follow the instructions below to understand and use the calendar. You can make an easy and fast use, if you are not that experienced. Of course, if you know the matter and you know how to use Ba Zi and personal stars, you can find far more accurate dates. Getting better is up to you!

You will also notice, in time, some recurrences and some important issues that could come up. Use this new information to become more experienced and find better dates!

IMPORTANT NOTES:

1 - In the lunisolar calendar all times are given GMT+0 (Greenwich Mean Time). If you don't live in the GMT+0 time zone, you will need to adjust. Luckily, this is easily done using [Ba Zi Calculator](#).

2 - If you want the most accurate time, you will need to use the longitude of the place and apply other corrections (Equation of Time, ...). You can do all calculations automatically on [Ba Zi Calculator](#).

3 - DST (Daylight Saving Time) is not indicated. To find the civil time (i.e., the time you usually look at on your watch) you will need to adjust; that usually consists in adding 1 hour in summer time. Not all countries add exactly 1 hour in summer, and not all countries adopt DST. All calculations are made automatically on [Ba Zi Calculator](#).

Astrological Aspects	
	<p>Tai Sui This is not a dangerous day (the 'Grand Duke'). Still, it should not be used, especially in Feng Shui (construction, demolition, etc.).</p>
	<p>Year Breaker Day The Sui Po is clashing with the Tai Sui. Should be certainly avoided for activities lasting three months or more. It is acceptable for short-term activities, but you should still try to avoid this day. You can use this day for very specific activities involving 'breaking something' related to the current year.</p>
	<p>Month Breaker Day The day is clashing with the month pillar. If possible, always avoid these days. Nonetheless, they are good for demolition, breaking walls, excavation, digging, breaking something with no particular care. That's why, you usually don't use this day for breaking a relationship or something important: it will work but it can leave you in a mess.</p>
  	<p>Yearly Three Killings Days (San Sha) They are carried by day EB. You should always avoid these days for long-term activities. You can use these days for short term activities (a few weeks or months), if necessary.</p> <ul style="list-style-type: none"> - Robbery Sha Day: you can lose money, personal objects, being robbed (not necessary on a physical level). They are also not good for traveling, for money deposit or withdrawal; - Calamity Sha Day: this is the worst kind of Sha. These days are associated with misfortune, issues, harms. They are not good for medical surgery, unless necessary; - Annual (Earth) Sha Day: they bear isolation, immobility, stillness, blockages, delays, lack of development, procrastinating, wrong start.
  	<p>Monthly Three Killings Days Similar to Yearly Three Killings days. Avoid these days, especially for short term activities. You can use these days for long term activities (more than 6 months), if necessary. They are carried by day EB.</p> <p>They are named:</p> <ul style="list-style-type: none"> - Robbery Sha; - Calamity Sha; - Monthly (Earth) Sha.
	<p>Four Extinct Days The day before the season starting. This is a weak energy day, avoid it.</p>
	<p>Four Separating Days The day before solstice or equinox. This is a weak energy day, avoid it.</p>

	<p>Dead Days This is the wrong day in the wrong season. Better avoid it unless you know the exceptions.</p>
	<p>No Wealth / Big Disaster Days Try to avoid these days, especially for activities concerning money or value: buying, selling, trading, rewards, important agreements, acquiring goods.</p>
	<p>Year Empty Star This star is giving a mysterious effect. It can trigger the appearance of something, without that being really there, without real substance. It is called void star as the appearance is empty inside, it is just a mirage. This star can also make something 'blow up' for a very short time. The EB is not getting help from the Tai Sui. As such, it is considered unfavorable, but it is not always the case. For instance, this star mixed with personal Peach Blossom and Academic Stars is good for openings, presentations, publications, and generally for all activities that need a lot of showing, fast success, and fast spreading.</p>
	<p>Yearly Traveling Horse Star This star is giving the day a 'rush and run' taste. It can help moving things forward, giving them a kick. It can also multiply the DP influence. Unfortunately, in the Water Tiger year this star is carried by the Monkey, which is the Sui Po (Year Breaker Day). This multiplies the negative effect of the Sui Po, so be careful.</p>
	<p>Uncertain Day Official The day official may not be clear on the day the month changes. You need to be accurate about the hour.</p>
	<p>Moon Blessing Star This is a very good star giving help and protection.</p>
	<p>Heaven Blessing Star This is a very good star giving help and protection. Even stronger than the Moon Blessing Star.</p>
	<p>Yearly Storage Star This star is particularly good for incomes, earnings, gains, profits, buying and selling goods, prizes, money deposit and accumulation. It is based on YP. It is long lasting.</p>
	<p>Monthly Storage Star This star is particularly good for incomes, earnings, gains, profits, buying and selling goods, prizes, money deposit and accumulation. It is based on MP. It is short lasting. It is considered weaker than the yearly Storage Star</p>

How to choose a date

First, you have to check accurately:

1. the type of activity / decision / action you are going to make
2. the duration of this activity, or the duration of the direct effects of your action / decision.

For Feng Shui Date Selection, please refer to the Feng Shui section too.

The Day Official must be suitable to your activity / action. Most of activities (but not all) benefit from favorable stars and aspects. Try to have good or suitable stars in the DP. Try to choose a good hour, not clashing with the DP. Try to have good stars in the HP (at least avoid unfavorable stars).

For love and relationship affairs, use the personal Peach Blossom by the Pool Star or the Red Matchmaker Star. If you know more, use your knowledge! The more you can customize the date, the better!

You can easily try different dates on [Ba Zi Calculator](#).

You can use the Day Hexagram as an inspiration. If you know how to use hexagrams in date selection, you can add this dimension.

May this Calendar bring you help, protection and blessings.
