## FOREWORD

Hallo and welcome,

this is our yearly Guide's fourth edition!

This Guide was born 4 years ago, as a help for our students. Since then, it has been revised and improved many times. New helpful information has been added, the graphic layout revised to be clearer and easily accessible.

In times, the Guide has proven to be useful not only for Feng Shui & Ba Zi students and enthusiasts, but also for beginners, who can easily avoid technical explanation and just follow the advices, or use the lunisolar calendar with basic, simple rules.

There are many guides or agendas like this. The 2023 Feng Shui Guide is designed to fit the Feng Shui & Ba Zi system we use in our school, Kan Yu Feng Shui Academy. So, there could be some minor differences with other systems. The expert, or the advanced student, will need to be aware of this.

This guide is in a PDF portable format, easy to look at using any device: desktop, laptop, tablet, smartphone. It does not consume energy or trees and you can't forget it somewhere!

We usually talk about 2023 as the Yin Water Rabbit year. Though, you must not forget that 2023 in western calendar is going from 2023 January, 1st to 2023 December, 31st. But nowadays, the western calendar has lost most of ancient energetic connections to natural cycles.

In Eastern Astrology (Ba Zi or "Eight Pillars of Destiny"), the **Yin Water Rabbit year starts on 2023 February 4th, about 2 am; ending on 2024 February 4th, about 8 am (GMT+0 – Greenwich Mean Time)**. There are very specific reasons for this, which will not be treated here. Practitioners who use Ba Zi systems based on lunar calendar will need to adjust. This can be easily done using the 'lunar calendar' column.

If you don't live in the GMT+0 time zone, you will need to adjust. Luckily, this is easily done using [Ba Zi Calculator](#), our partner website.

A similar issue comes for the month. We usually think a month starts on the 1st and ends on the 28th, 29th, 30th or 31st. In eastern solar calendar, there still are 12 solar months, but they start and end in a date between the 3rd and the 6th day of the (western) month. Again, there are very specific reasons for this, which will not be treated here.

For instance, 'August' is not exactly the Monkey month, which roughly goes from August, 6th to September, 6th. You will find specific instructions inside.

Our wish is getting this Feng Shui guide better and better, as time goes on. For this reason, if you have ideas, advices or any critical comment to improve this Guide, please write us to [info@kanyufengshuiacademy.com](mailto:info@kanyufengshuiacademy.com) .  
Your comment is always welcome.

We are very happy to show you **this fourth edition improvements (2023):**

- revised layout
- new tables and information added
- Shao Yung circular arrangement of the 64 Hexagrams table added
- in the lunisolar calendar, more detailed and accurate stars and astrological aspects
- *personal* Day Master Clash Day added in the lunisolar calendar (will help you avoid the wrong day for you)
- **most important news:** the lunisolar calendar has become a **weekly** calendar, easier to use on smartphones
- with the new weekly format, you will have more space for your personal notes!

*A special thank goes to Paola Mannis, who did a great revision work and took care of the composition of this Guide with the utmost dedication.*

We really hope this Guide will help you with your living spaces or working spaces. It will help you improving your home layout and gaining benefit from Heaven's Qi. Picking the right time for your important activities and choices is the best way to take advantage of energy waves in time!

2022, September 1st (巳丁 day)

## HOW TO USE THIS GUIDE – IT'S EASY!

This Guide is meant for the use from medium-advanced practitioners. Skilled practitioners will be able to use this Guide in many profitable ways, combining their knowledge and experience. This is particularly true for Date Selection: in the calendar section you can look at all dates (and their positive or negative qualities) in a glance.

Feng Shui beginners and enthusiasts can still have a great benefit. Just skip technical issues and follow the advices! For the Date Selection part, follow general instruction you will find inside.

This Guide will help you mainly in 2 areas: Feng Shui and Date Selection. **Feng Shui** will help you optimizing your home and workplace to get the best energies of this year – and avoid the worst. **Date Selection** can be used for the starting of important activities, projects and events in life (like marriage, changing house, etc.). It is also used to find the correct time for taking a critical decision, and for many other things, like starting a diet, closing an issue, decluttering your house and so on.

At a basic level, the most important role of this Guide is to avoid mistakes in your house, and avoid bad dates for your important activities, that is **avoid doing the wrong thing in the wrong moment**. Anyway, we recommend you ask professional Feng Shui advice if you are not sure or not skilled enough.

Any question? You can join our Facebook [Kan Yu Feng Shui Community](#), where you will get an answer! It's free and you can meet a lot of Feng Shui enthusiasts!

In the Feng Shui section, you will find the general information for year 2023 and detailed advices you can use in your house or workplace, to improve your life and work. This is done by analyzing the interactions between the Ba Gua (a 3x3 grid placed on your house) and Flying Stars.

You will also find detailed pages regarding the timing for **construction works**. Certain areas or directions should not be disturbed this year – or, if you have to do so, you have the option to pick the good date and avoid the bad. To get full benefit, use the construction works pages together with the calendar section .

The **calendar** section displays a wide range of information on every day, in a graphic and visual frame that makes it easy and fast to use, especially for western people. If you know how to use Ba Zi (Chinese Astrology) and how to assess a Four Pillars chart, you can take great advantage mixing favorable and unfavorable energies for the person and the information from the calendar.

**You can plan your most important activities from the beginning of the year!**

For detailed calculation, we recommend to use [Ba Zi Calculator](#).

# GENERAL ASSESSMENT

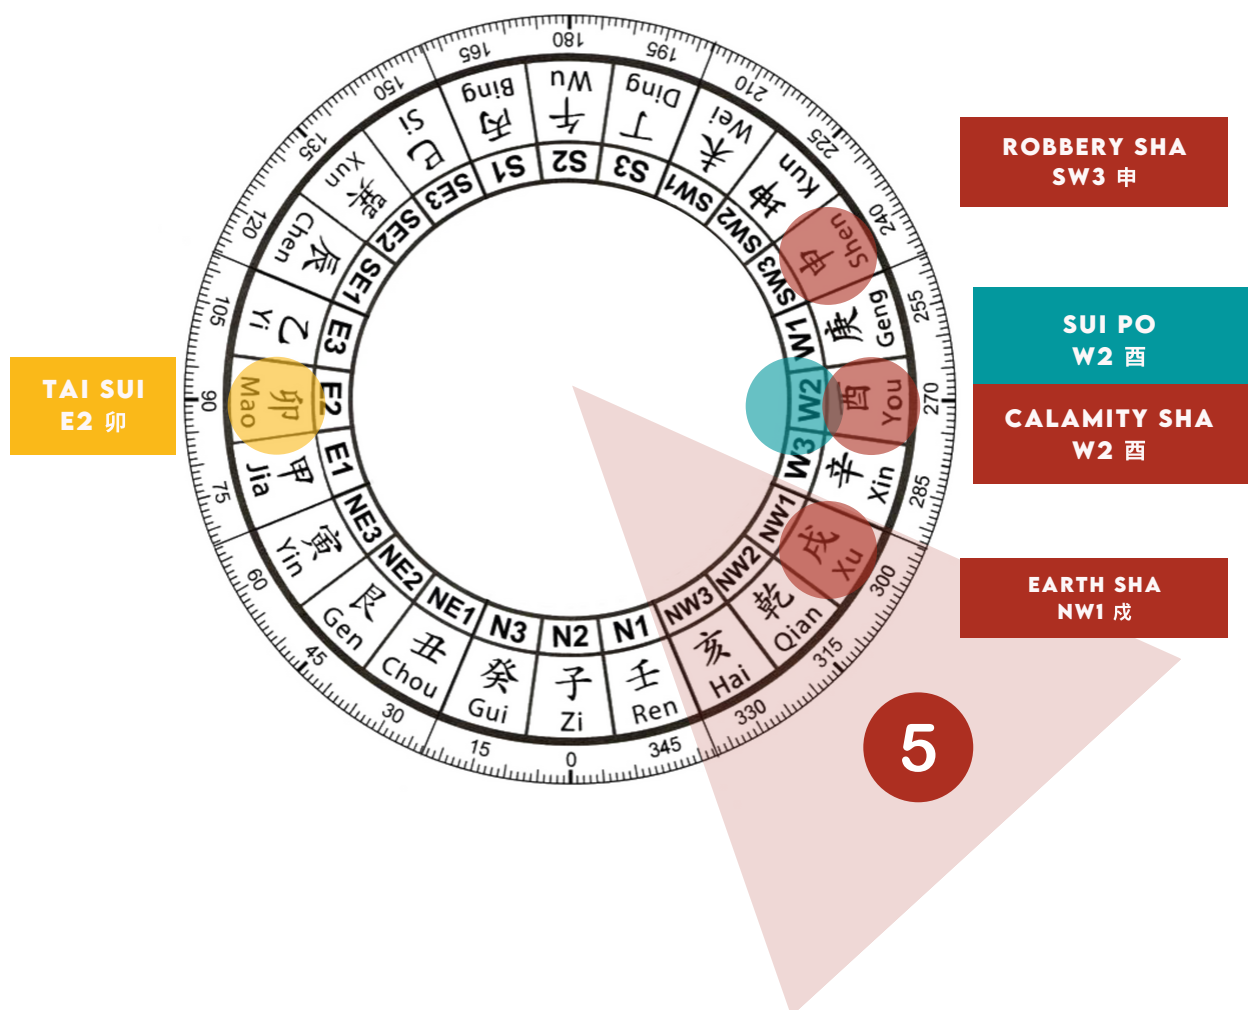

2023 is the yin Water Rabbit year. In the Chinese solar calendar, the Yin Water Rabbit year **starts on 2023, February 4th, about 2 am; ending on 2024, February 4th, about 8 am** (GMT+0, Greenwich Mean Time; you can use [Ba Zi Calculator](#) to adjust the hour to your local time).

Note that from 2023, January 1st to 2023, February 3rd we are still in the previous yang Water Tiger year.

The Rabbit is the second of the 12 Animals of the Chinese zodiac (also called “the 12 Earthly Branches”). The Rabbit is a Wood animal. It contains two active spirits: yin and yang Wood.

In the **Water Rabbit**, the spirit of Wood is very strong. In fact, in the Water Rabbit we can't find Fire, Earth or Metal, so it will be a straightcut year.

The hexagram associated to the Yin Water Rabbit is no. 54 “Marrying Maiden”. The people will need to wait for someone else's decision, because they are not able to decide for themselves.

## FLYING STARS

7 3	4 3	3 8	9 8	5 1	2 1
6 2	3 2	8 4	5 4	1 6	7 6
2 7	8 7	4 9	1 9	9 5	6 5

North

2023 is Fate 8's last year. Fate 8 started in 2004 and is going to end on 2023, February 3rd. Fate 9 will start on 2023, February 4th and will last till February 2044. You can see the Fate Star top left, in each box. So, 2023 is in some way will have the flavour of a 'closing' year.

Due to the changing of yearly star, the overall flying stars chart is much more dynamic than the previous year. In 2023, houses sitting north and facing south are probably the best throughout all the year time.

**The best way to attract a star (positive) influence is usually to use the area where the star is located, for the specific purpose related to the star.**

Example: if you want to use star 1 for progress in work, you should use the south west area for your desk/work. But in real life, this is not always possible.

A second option is to use the north area inside the room you are already working in. Again, this is possible only if the room is big enough, and if you have the chance of moving your workplace in the new position.

A third option is using the north direction, for example at the back or in front of your workdesk.

A fourth option is to activate the star in a different, symbolic way. If you are not clear, we recommend a professional Feng Shui advice.

## NORTH

Yearly star 9 is visiting the North Palace. This is a good star, bearing a lot of activity. However, star 9 is in conflict with the boss, star 1. This is a Water-Fire clash, so in this room be careful about emotions. The combination 1-9 is exaggerating **emotional and psychic issues**.

Do not have important discussion in this room, especially about family and love matters. This room should not be used by an emotionally unstable person. If two or more children are using this room, expect quarrels and disagreement.

However, this is a good area for **professional growth** and success in work. If you work in this area, there is a double potential of gaining money, but you should be careful about work stress. It will become even better in the second part of the year (from August on).

If you have star 9 **at the back of the house** (i.e., your house is facing south), you will find help inside and outside your family; there will be a transformation (or an evolution) of your family. Anyway, be careful about quarrels and emotional issues between family members.

If you have star 9 **in front of your house** (i.e., your house is facing north), family wealth may increase. Family life will be happy. Maybe a son or a daughter will go away, moving to a new home. Some favorable news is coming too. You can find help inside your family.

If you have star 9 on the **main door** (i.e., your main door is in the north area), expect activity and progress in your everyday life. Expect anticipations.

If your **bedroom** is here, this year don't add red or strong colors. You can have great sex here, but you can also get your emotions unbalanced. Be careful. Easier to become pregnant when maybe you don't expect it!

## NORTH EAST

North east is receiving annual star 7 yin Metal energy. Star 7 is not a very good star, and it's exhausting the Lord of the Palace, star 8 Earth. If you use this area a lot, be careful because you could feel exhausted. Take time to recover.

This is a yang room, better for yang (daylight time) activities. For instance, this area is good for studying. Star 7 is also the 'robbery star'. Therefore, better check security issues in the north east. This area is a mix of good and bad.

If your house is **facing north east** (i.e., you have south west at the back), there could be positive changes and development inside the family and with family relationship. The probability of expanding your family is higher. You can broaden your ties with friends and relatives. With the help of your family, you will be able to overcome a problem. Some important news is coming too.

This portends a favorable evolution/growth inside the family. However, check the view outside from the facing. If you can see ugly, sharp, wicked or twisted landscape forms, it is better to use a protection. Take care of the whole house security.

If your house is **facing south west**, you will have to invest some money, in order to accomplish a project or a goal, probably related to family matters. Again, check the view outside from the back of your house. If you can see ugly, sharp, wicked or twisted landscape forms, it is better to use a protection.

Take care of the whole house security, particularly in the backyard. If there are friends or workers that frequently (or periodically) come to visit your house, exert a mild control on them, because the theft could also metaphorically come from "inside the family".

If you are the employer and your office back is at north east, or you are sitting back to the north east, better you control your employees. Someone could profit on undeserved advantages, or could "steal from the inside".

If your **main door** is in the north east sector, check the main entrance area security. Check the view outside, with the main door at your back. If you can see ugly, sharp, wicked or twisted landscape forms, it is better to use a protection. Be careful about your belongings, in your everyday activity outside the house. You could be robbed, or you could lose something.

If you have star 7 in your **main bedroom**, it is better bringing some new air in the couple. Explore new things, new sensations. If you don't do so, there could be some extramarital affairs, especially if you have a mirror reflecting the bed. This year, anyway, you should not put any mirror in the north east area.

**If your house is facing north east or south west**, we recommend you ask for a professional Feng Shui consultation before January, 2024. This is because in February 2024 we will enter Fate 9 (2024-2043). Big changings are on the way to you!

## EAST

East is receiving annual star 2 yin Earth energy. The situation here is not very good. The combination portends **quarrels, conflict, arguments**, lawsuit, disharmony. Therefore, in the yin Water Rabbit year, you should avoid positioning beds or desks with east at your back.

The combination is also bringing trouble and discussion between mother and son. If your son is sleeping in the east area, this effect will be magnified. You should avoid east direction for work matters too, especially avoid sitting with east at your back. It could bring lawsuit and gossip at your back.

Fortunately, there are some other stars helping, so the negative effect **will not be as strong**.

East direction is also the **Tai Sui** (Grand Duke) in 2023. Therefore, this year the east area should not undergo any renewal or change. This place must be left quiet and be used for everyday activities. Do not move or replace furniture.

**If your house is facing east**, you have the San Sha and the Sui Po at your back (west) and you are facing the Tai Sui (east). This is the worst position. It would be better not to undertake any major change in the whole house. Check the west direction: you want to avoid water and road Sha. This is because you have the Sui Po in the back of your house, and this can be challenging.

There is harmony and development inside the family, but this harmony will be challenged by external circumstances, that can cause competition inside the family. Seek help from your older, most authoritative relatives. The interchange between your family and the outside world can be challenging: be careful of your words and actions.

**If your house is facing west**, you have the Tai Sui at the back (east), and you are facing the San Sha and the Sui Po. This is better than facing east. Nonetheless, it would be better not to undertake any major change in the whole house. Check the west direction (facing): you want to avoid water and road Sha.

This year you must take care of disagreements and conflict inside your family. Luckily, there will be some help coming from outside. An important or authoritative person (maybe a lawyer) could help you a lot.

If your **main door** is in east direction, the door is disturbing the Tai Sui. Do use this door only for regular house activities or, if possible, use a second door or a back door as main entrance. This is particularly true if your door is opening in the Rabbit direction (see 24 Mountains).

If your **bedroom** is in the east area, there could be obstacles, problem or conflict inside the couple. This is not a very good area for the master bedroom.

## SOUTH EAST

South east is receiving annual star 3 yang Wood energy. Star 3 is related to arguments and strong **competition**. It can help if you want to do something 'not the regular way'. Star 3 likes cunning, sneaky and not-necessarily-legal ways of action, so if you want to use this star, you need to stay in this mood. However, this year it is not advisable to use star 3.

In 2023 the south east area can also bear tension, conflicts, issues with authority, wrongdoings, rebellion and impatience. It is not suitable for children. Do not add green in this area, especially dark green. When you talk to your boy, don't do it in this area! Don't engage in risky activities here.

If you work together with a few colleagues, and you are sitting in the south east area, or with south east direction at your back or front, be careful about hidden competition and gossip.

**If your house is facing south east** (i.e., you have north west at the back), you will have star 3 in the front and star 5 at the back. You can have a tough year with problems inside and outside the family. Young women are particularly affected, especially if they use the south east area. The male leader, also, can find himself in a difficult time, especially if he uses the north west area.

**If your house is facing north west**, you will have star 5 in the front and star 3 at the back. More or less, same as above.

If your **main door** is in the south east sector, be careful in every day's activity. Gossip and competitors can be lurking outside, especially if you can see a '3 shape' outside, from the main door.

If you have star 3 in your **main bedroom**, you should be always very fair and honest to your partner. Take care of conflicts and different views. Do not try to win a discussion at any cost.

For houses facing north west or south east, we recommend a professional Feng Shui consultation before January, 2023.

## SOUTH

Yearly star 8 is visiting the South Palace. This is a very good star! The south is probably the **best area in 2023**. This room is very good to spend time with the family. It is particularly good for children. This area bears growth, success, help, earnings.

It is also good for **study and work**, especially if the work has to do with building houses and buildings (architect, interior designer, Feng Shui consultant, construction companies).

If you have star 8 at the back of the house (i.e., **your house is facing north**), family wealth may increase. Family life will be happy. Maybe a son or a daughter will go away, moving to a new home. Some favorable news is coming too. You can find help inside your family.

If you have star 8 in front of your house (i.e., **your house is facing south**), you will find help inside and outside your family; there will be a transformation (or an evolution) of your family. Anyway, be careful about quarrels and emotional issues between family members.

If you have star 8 on the **main door** (i.e., your main door is in the south area), expect good news, help and little earnings in your everyday life.

If your **bedroom** is here, star 8 can bear happiness, harmony and joy to the couple!

Because of this configuration, the south direction is very good for activating the **Wealth Position**. It can be done in the living room, in a study room or a working room. You will need to look for the south direction from the room center.

Remember that the Wealth Position must be set in the appropriate corner, otherwise it won't work. This can be done in any of the 8 Palaces, not only in the South Palace.

## CENTER BUILDING/HOUSE

Star 4 is coming to the center. Star 4 is the '**lesser fortune' star**, while star 1 the 'greater fortune' star. Star 4 is related to two different scopes.

Star 4 is the star of the **scholar**. It helps students, and anyone whose work has to do with art, literature, publishing, writing, education, teaching, research and science. In 2023 the center is a good area, particularly for study, work, research.

Star 4 is also the star of **love**. It helps getting a new partner and fall in love.

If the center is blocked or cut, in some way, star 4 will not be able to exert its influence. If the center is open and used for movement, the whole house will benefit. If the center is open and directly connected to the main door which is situated in the south west, there will be great growth and changes.

If it happens **you enter your house from the center** (which is quite a rare thing indeed), expect an year of smooth activity, gradual growth and maybe some love!

If you have star 4 in your **main bedroom**, be careful with your partner. It is a good time to renovate the couple's intimacy – if you don't do that, there is a possibility of extra-marital relationships.

If you want to use star 4 for study and work, please refer to the 'Positioning Desk' paragraph. You could also use a symbolic activation, but you need to know how to do it.

You can also use star 4 for love, especially finding/attracting a new partner. You can use a 4-fold Feng Shui activator. It can be 4 nice small round stones, 4 small orchids or bamboo sprouts, 4 lights or lampshades... depending on the Ba Gua sector you are working in. The activator must be in harmony with the sector's main energy. You will put your activator in the star 4 corner of the room you chose, or in the corner associated with your personal Peach Blossom star (see below).

You will also need when to start the activator. Use the lunisolar calendar to pick a good date. To summon the power of love, use your personal Peach Blossom star in the day/hour. You can calculate your personal Peach Blossom star in the 'Instructions & Tables' section; you can also use Ba Zi Calculator.

Once you placed the activator, you will need to take care of it – at least once a week. Don't just put it there and forget! Moreover, do go out and look for new friends and new types of people, after the activation. It is also important to make a selection; don't just go with the first one!

If you find a new partner and you are happy and in love, you will need to remove the Feng Shui activator, or it will bear you new potential partners. Do it in a Close, Balance or Remove day.

Unfortunately, in the yin Water Rabbit year **the yearly star 4 is in the center**, so you can't use the star 4 to place and start the Feng Shui activator. You can still use the monthly star 4, even if it is weaker. Check the 2023 monthly flying star tables on page 23-24.

## SOUTH WEST

The South West Palace is receiving star 1. This is a good star, especially for **development, success, growth**. It is also good for artistic and even academic achievement (if you cannot use star 4, use star 1!). Social relationships can also benefit from star 1, especially if you have your main door in the south west. This area is also very good for long-term growth, gains and success in work. There is also a potential of earnings, if this is your working position.

This is particularly true for the **female leader** of the house, and even more if you use this room for work or study. However, there is also a downside. Women should take care of reproductive organs' health. There could be some **stress**.

If you have star 1 at the back of the house (i.e., **your house is facing north east**, star 7), there could be positive changes and development inside the family and with family relationship. The probability of expanding your family is higher. You can broaden your ties with friends and relatives. With the help of your family, you will be able to overcome a problem. Some important news is coming too.

This portends a **favorable evolution/growth inside the family**. However, check the view outside from the facing. If you can see ugly, sharp, wicked or twisted landscape forms, it is better to use a protection. Take care of the whole house security.

If you have star 1 in front of your house (i.e., **your house is facing south west** and has the back at north east, star 7), you will have to invest some money, in order to accomplish a project or a goal, probably related to family matters. Again, check the view outside from the back of your house. If you can see ugly, sharp, wicked or twisted landscape forms, it is better to use a protection.

Take care of the whole house security, particularly in the backyard. If there are friends or workers that frequently (or periodically) come to visit your house, exert a mild control on them, because the theft could also metaphorically come from "inside the family".

If you are the employer and your office back is at north east, or you are sitting back to the north east, better you control your employees. Someone could profit on undeserved advantages, or could "steal from the inside".

If you have star 1 on the **main door** (i.e., your main door is in the south west area), expect good news, opportunities, new people coming into your life, new connections.

Star 1 is also the star of fertility, so if you have a **bedroom** in the south west, it is more likely to have babies, especially if outside you can see a yang Wood form in the landscape. Still, take care of reproductive organs.

In the Water Rabbit year, **do not cut big trees in the south west**. If there is a **pregnant woman**, do not move or change anything in the south west area (inside or outside), all the year long.

If you have a specific goal, you can invigorate star 1 using a small fountain in the south west. The water must always be moving. Use the lunisolar calendar to pick a good date to start the fountain. Remember: never put a fountain in bedrooms, long corridors, secondary rooms, on the stairs. Don't start any water feature if you are a woman and you have any health problems.

If your house is facing north east or south west, we recommend you ask for a professional Feng Shui consultation before January, 2024. This is because in February 2024 **we will enter Fate 9** (2024-2043). Big changings are on the way to you!

## WEST

West is receiving annual star 6 yang Metal energy. This is a favorable star! Star 6 has to do with authority, power, command, **reputation**, determination, **career** in corporation or big companies, long life, health.

The overall situation here is good. West direction is good for career, especially **military-related career and literary pursuits**. There is also some competition, so if you are sitting in the west area, be careful at work. Competition is worse between women. If this area is occupied by children, take care of **conflicts** between brothers.

West direction is also the **Sui Po** (Year Breaker) in 2023, particularly the **Rooster** direction, and bears the San Sha: Robbery Sha (Monkey), Calamity Sha (Rooster), Earth Sha (Dog). Therefore, this year the west area should not undergo any renewal or change. This place must be left quiet and be used for everyday activities. Do not move or replace furniture.

**If your house is facing east**, you have the San Sha and the Sui Po at your back (west) and you are facing the Tai Sui (east). This is the worst position. It would be better not to undertake any major change in the whole house. Check the west direction: you want to avoid water and road Sha. This is because you have the Sui Po in the back of your house, and this can be challenging.

There is harmony and development inside the family, but this harmony will be challenged by external circumstances, that can cause competition inside the family. Seek help from your older, most authoritative relatives. The interchange between your family and the outside world can be challenging: be careful of your words and actions.

**If your house is facing west**, you have the Tai Sui at the back (east), and you are facing the San Sha and the Sui Po. This is better than facing east. Nonetheless, it would be better not to undertake any major change in the whole house. Check the west direction (facing): you want to avoid water and road Sha.

This year you must take care of disagreements and conflict inside your family. Luckily, there will be some help coming from outside. An important or authoritative person (maybe a lawyer) could help you a lot.

If your **main door** is in the west direction, you will need extra care, because west is the Sha and Sui Po sector this year. Worst is the main door facing exactly the Rooster direction (Sui Po & Calamity Sha). The risk level is higher. You could use a **protection** or a guardian as a filter, to be placed outside the door, facing west. Another option is to use the back door (or a second door) as a main door this year, especially if it's facing a good star.

This is a good area for the **bedroom**.

In the yin Water Rabbit year, **do not place any important work desk facing east or west**. If you already sitting with west direction at your back, you should think over moving your desk before January, 2023. If you are already sitting facing west, it could be a challenging year.

So, it is very good if your working desk is in the west area, but you don't want to sit facing east or west directions.

## NORTH WEST

Star 5 is coming to the North West Palace. Star 5 is the star of stability and sudden instability, often associated with sudden and unwanted changes. Star 5 is particularly dangerous in the north west. In 2023, north west is probably **the worst area**.

Use this area only for regular everyday activity. If you can, use this area less than usual. **Do not make any minor or major changes** in this area. Don't engage in risky activities here.

**If your house is facing south east** (i.e., you have north west at the back), you will have star 3 in the front and star 5 at the back. You can have a tough year with problems inside and outside the family. Young women are particularly affected, especially if they use the south east area. The male leader, also, can find himself in a difficult time, especially if he uses the north west area.

**If your house is facing north west** (i.e., you have south east at the back) you will have star 5 in the front and star 3 at the back. More or less, same as above.

If your **main door** is in the north west sector, there could be some important and unexpected changes in your everyday life. If you can, it is better to use a back door or a secondary door this year (especially if has a good star!). You can also place a **protection** outside the door, facing north west.

Check the north west direction standing at your door: you want to avoid sharp, triangular, crooked or irregular forms, water and road Sha. Those landscape structures can activate star 5 even more.

If your **main bedroom** is here, take care of your health and your lifestyle. The male leader can be weakened or damaged, so the couple will go through a difficult time and some big changes.

For houses facing north west or south east, we recommend a professional Feng Shui consultation before January, 2023.

## BED POSITIONING

We usually don't use yearly or monthly stars for bed positioning, and that's the reason why we won't treat this subject here. A bed is usually meant to stay in place for more years, and it is more difficult to replace than a desk or a table. To move a bed, we need to use other stars, with longer effect. So, we don't usually move the bed, based on yearly or monthly stars.

You could, anyway, need to move a bed to a new position/room, or place a new bed this year. In this case, it is good doing it in a month where the monthly star is favorable in the room, and you have another good monthly/yearly star at the back of the bed. **Look at the monthly stars table**, and look for the stars marked in green (or at least grey). In any case, avoid red stars!

It is also very important to avoid bad energy configurations in the day you place the bed and sleep in for the first time. You can use the calendar to pick the right date. Positioning the bed is a very important issue, as we usually sleep there for about 1/3 of our life. A professional advice is recommended.

Even if we don't move the bed based on yearly/monthly star, the stars will still exert their influence on the bed. **This is why in 2023 you should not place a bed with the back to the east, west or north west** – unless you are very careful with Date Selection.

Unlike beds, desks (especially work desks) are usually much easier to move to a new position, and in case revert back to the original one.

**WARNING:** do NOT place a bed or a desk just based on the flying stars. You also need to respect the Form School principles: correct back/front positioning, and so on. If you are uncertain about how to correctly mix Form and Compass School, we recommend a professional consultation.

## DESK POSITIONING

A desk is usually much easier to move and replace than a bed. When positioning a desk, you want to check:

- the overall Ba Gua Palace(s) occupied by the room (Earth Qi);
- the area occupied by the desk in the room, applying a 3x3 grid to the room itself (Earth Qi);
- your desk's direction (back and facing) and stars (Earth Qi);
- yearly and monthly stars in the Ba Gua Palace (Heaven's Qi);
- the day and hour you activate the desk (Date Selection, Heaven's Qi)

What you need to do, is putting together in a correct way Heaven Qi and Earth Qi. When you place the desk in a new position, you also have to start using it. Moving the furniture is not enough. You should start a new important project, make important phone calls, send important e-mails and other stuff like this - depending on your type of work.

**In 2023 you shouldn't place an important desk with the back to east, south east, west, north west** - unless you are very careful with Date Selection. If you want to put a new important desk in one of these directions, **it is better doing it before 2023, February 3rd.**

Desk positioning is getting more and more importance, also due to the great diffusion of **smart working** everywhere in the world.

**If you have star 1 at the back** of the desk (i.e., your desk is facing north east, star 7), you will find interior and exterior resources to develop your work and project into the future. You will be able to take advantage of the situation in a cunning way and turn it to your profit. Beware of competitors.

**If you have star 1 in front** of the desk (i.e., your desk is facing south west, star 7 is in your back), there will be new projects starting and a transformation (or upgrade) in the way you work daily. New contacts and new occasions. Beware of your colleagues and employees in work environment: there could be some form of theft.

**If you have star 1 in the broader front** of the desk and the room (office) door is there, there will be new clients, new people calling you, new work opportunities.

**If you have star 6 at the back** of the desk (i.e., your desk is facing east, star 2), you will find people helping, guiding and protecting you in your study or work. You can also have a career jump. Anyway, this position is not very good, since you have the **San Sha** at your back - it can bring many problems at work. You should consider moving the desk from this position **before February 3rd, 2023.**

**If you have star 6 in front** of the desk (i.e., your desk is facing west, star 2 is in your back), you will find people helping, guiding and protecting you in your study or work. It is also good for studies in medical matters. **This position is better** than the previous one. If you have star 6 in front the desk, either you move before Feb. 3rd, 2023; or you don't move the desk at all till February 2024.

**If you have star 6 in the broader front** of the desk and the room (office) door is there, you could meet important or powerful people; they could help you or work with you. They could also offer you a new job.

**If you have star 8 at the back** of the desk (i.e., your desk is facing north, star 9), some people you already know will help you, there will be a lot of activity. This position helps a lot mathematical and technical imagination and research.

**If you have star 8 in front** of the desk (i.e., your desk is facing south, star 9 is in your back), help is on the way to you, but you have to put an effort too. This position increases the ability to make ideas become real. It also helps ti achieve goals faster and clearer.

**If you have star 8 in the broader front** of the desk and the room (office) door is there, you will get help from outside, you can have great reward by secondary or minor work projects and activities.

**If you have star 9 at the back** of the desk (i.e., your desk is facing south, star 8), help is on the way to you, but you have to put an effort too. This position increases the ability to make ideas become real. It also helps ti achieve goals faster and clearer.

**If you have star 9 in front** of the desk (i.e., your desk is facing north, star 8 is in your back), some people you already know will help you, there will be a lot of activity. This position helps a lot mathematical and technical imagination and research.

**If you have star 9 in the broader front** of the desk and the room (office) door is there, there will be news and anticipations during the year. Good for marketing your firm and promoting it.

**WARNING:** do NOT place a bed or a desk just based on the flying stars. You also need to respect the Form School principles: correct back/front positioning and so on. If you are uncertain about how to correctly mix Form and Compass School, we recommend a professional consultation.

## CONSTRUCTION WORKS

	<p>The month is terrible. You need a to use a good date.</p>
	<p>The month is not that favorable. Try the best to select a good date.</p>
	<p>Neutral month, so you won't get that benefit, but neither handicap. It is still important to select a favorable date. At least, avoid bad dates.</p>
	<p>Favorable month. Just avoid worst dates.</p>
	<p>Very favorable month. Just avoid worst dates.</p>

### Why selecting a good date is so important for construction works?

Well, construction works can be quite expensive and extenuating, So, we don't want delays, any kind of problem, quarrels, mistakes, problems with authority and so on. We also want the works well-executed and long-lasting. But especially, we don't want wrong time or wrong 'space' works to negatively affect our life. That's why Date Selection is so important for construction works!

When we talk about construction works, the key is avoiding bad dates. It is not that important that you choose the best date – in fact you could use any good, very good or neutral date, or even slightly unfavorable. What is important is avoiding unfavorable and very unfavorable dates.

You should put particular care for the **east, south east, west and north west areas** in 2023.

If you are planning any refurbishment, renewal, taking down walls, excavation, construction works, ..., you need to select an appropriate day and time.

Using the 12 Day Officials is important too. For excavation and demolition, a Destruction day is ok! But if you are (mostly) building new, you should use an ESTABLISH, SETTLE, SUCCESS day or, at least, a neutral Official.

At the same time, ESTABLISH, SETTLE and SUCCESS day are very good Officials, but they are not that suitable for excavation or demolition.

When using 12 Day Officials, you have to look at what is proper for the activity you are going to start.

You can get all the information about 12 Day Officials in the Tables Section.

If you are planning big works, that involve most area of the building, start in a good palace and then move on. **In 2023 don't start work in east, south east, west, north west areas.**

So, if you are planning construction works in the yin Water Rabbit year, it is strategic to check all the 12 months in advance and make a clear schedule - which, by the way, will also help you to better organize your life!

# SECTION II

# INSTRUCTIONS & TABLES

# 1. BA GUA LO SHU

When applying to a building/house, the north Palace must be aligned to the geographical north. Usually, you can take this measure with a simple compass. The Ba Gua must NOT be used aligning the north Palace to the main door: this is wrong.

The Ba Gua is a 3x3 grid. It must be drawn fitting your house plan. Each of the 9 boxes is called 'Palace'. Each Palace has a Lord. The Lord is the energy hosted in the Palace (for instance, the north Palace is ruled by Lord Water, the south is Lord Fire's Palace, and so on).

The color in each box DOES NOT MEAN you have to paint the room that way. It is just an easy, graphical way to remember the color associated to the Body Energy (i.e. the Lord) ruling the box.

The number in each box is called 'Star' and it mainly represents the Late Heaven Sequence of Trigrams (see further), especially when it moves. So, 1 is the Star related to the north Palace, and especially to Water energy residing in the north. Moreover, it is connected to the Trigram 'Water', also residing in the north.

<p style="text-align: center;"><b>EAST SOUTH</b></p> <p style="text-align: center;">Yin Wood Star 4 Trigram: 'Wind'</p>	<p style="text-align: center;"><b>SOUTH</b></p> <p style="text-align: center;">Yin/yang Fire Star 9 Trigram: 'Fire'</p>	<p style="text-align: center;"><b>SOUTH WEST</b></p> <p style="text-align: center;">Yin Earth Star 2 Trigram: 'Mother Earth'</p>

## 2. TRIGRAMS: EARLY HEAVEN SEQUENCE

This is the former arrangement of the 8 Trigrams. It is symmetrical.

### 3. TRIGRAMS: LATE HEAVEN SEQUENCE

This is the latter arrangement of the 8 Trigrams. It is not symmetrical. It is connected to seasons and to the Ba Gua Lo Shu layout of energies.

## 4. THE 10 HEAVENLY STEMS

They represent pure Heaven Qi, based on eastern 5-movement theory. They are divided in two groups: the yang stems and the yin stems. They get a direction (24 Mountains) and an image associated. As a Day Master, each stem has specific inborn features.

## 6. THE 10 HEAVENLY STEMS & 12 EARTHLY BRANCHES: DIRECTIONAL LAYOUT

# 7. THE 24 MOUNTAINS

## 8. THE 60 PILLARS AND THE PERSON'S BIRTH CHART

We have 10 Heavenly Stems, representing Heaven's Qi, and 12 Earthly Branches, representing Earth's Qi. When Heaven meets Earth, Stems and Branches get paired. We should expect  $10 \times 12 = 120$  possible combinations, but due to the way of combining Stems and Branches, there are only 60 possible combinations.

This is because a yang Stem can only be associated to a yang Branch, and similarly for the yin.

5. Prosp. Peak ++		6. Aging ·		4. Coming of Age +		1. Birth ++		

These 60 combinations are called the 60 Pillars. They represent 60 possible ways of natural manifestation in the material world.

These 60 Pillars are used to count time in a spiral pattern, and are associated to years, months, days, and hours.

So, because you are born in a certain year, in a certain month, in certain day, and at a certain hour, you will get 4 Pillars to describe that time. This is your natal chart in Chinese astrology (Ba Zi). You can see here an example. You can clearly see the 4 Pillars, reading from right-to-left: year, month, day, hour. You can also see the 4 Stems over the 4 Branches.

You can easily calculate your personal birth chart using [Ba Zi Calculator](#).

In Chinese astrology, your birth chart represents your life layout, whilst there is a specific element representing YOU inside your life. This is called 'Day Master': you can find it in the day Stem (third top from the right). Most of the analysis is done based on the Day Master.

The position under the Day Master is important too. It is the 'House and Spouse Palace'. This is your personal zodiacal animal, while the one most known in the West is the year animal, which is really very general.

You can use this basic information to tailor up on your personal chart the dates you are choosing for important activities, to get maximum benefit.

## 9. CALCULATING THE SAN SHA (THREE SHA'S)

EARTHLY BRANCH		ROBBERY SHA	CALAMITY SHA	EARTH SHA
子	Rat	巳	午	未
丑	Ox	寅	卯	辰
寅	Tiger	亥	子	丑
卯	Rabbit	申	酉	戌
辰	Dragon	巳	午	未
巳	Snake	寅	卯	辰
午	Horse	亥	子	丑
未	Goat	申	酉	戌
申	Monkey	巳	午	未
酉	Rooster	寅	卯	辰
戌	Dog	亥	子	丑
亥	Pig	申	酉	戌

The San Sha are calculated based on an Earthly Branch. Robbery Sha has to do with being robbed or losing something, even metaphorically. Calamity Sha is the worst Sha. Earth Sha bears isolation, immobility, delays, blockages. All this are clearly marked up in the Lunisolar Calendar.

San Sha can be applied in many different ways and different situations. If you don't know what you are doing, just follow instructions.

There are 60 Pillars and 64 Hexagrams.

Traditionally, 4 Hexagrams were taken out from space and time level of manifestation, because considered too powerful and metaphysical. They are: 01 Initiating (Heaven over Heaven), 02 Responding (Earth over Earth), 29 Darkness (Water on Water), 30 Brightness (Fire on Fire).

This seems the most correct approach. In modern times, however, four pillars (marked in the table above) are paired to two Hexagrams. Which way you use, depends on your approach.

## 12. THE 12 DAY OFFICIALS

It is a simple but effective method, which associates to the Day Pillar (in particular the Earth Branch) some distinctive characteristics, suitable for specific activities. This method could be integrated with other information, the stars, the favorable and unfavorable energies of the person.

In the Lunisolar Calendar, the Day Officer is indicated in the sixth column (from left). You can also calculate the Day Officer using the table at the end of this chapter. Just find the column corresponding to the month in the upper row; in this column find the day you want (EB); follow the line on the right and find the Day Officer.

There are 12 Day Officers. Each of them favors specific activities and outputs, and opposes different ones. Reading the description, you should use the best one(s) for your specific activity.

<b>DAY OFFICIAL</b>	<b>DESCRIPTION</b>
<b>ESTABLISH (EST)</b>	<p>Great for starting to build, starting a business, a job or a course, founding a company, generally favorable for any start; ideal for moving home, launching a project or idea, an advertising campaign; also good for proposing marriage.</p> <p>Not good for excavations, marriage, burials, air travel or by sea.</p>
<b>REMOVE (REM)</b>	<p>Good for cutting trees, emptying or leaving a house, demolition; for firing someone, for abandoning or leaving a project, for closing deals, for cleaning (also Space Clearing), burials, health checkup, weed control, starting a diet, stopping a bad habit; very good to start a discount / sale campaign. <b>FULL (FULL)</b>	<p>Good day for collecting debts, making bank deposits, long trips, making arrangements, inaugurations, celebration, official ceremonies, parties, meetings and public gatherings. Not good for demolitions or removing blockages.</p>

<b>DAY OFFICIAL</b>	<b>DESCRIPTION</b>

## 13. INSTRUCTIONS

In the following Lunisolar Calendar, you will find most important information related to the Sun cycle, the Moon cycle, Jupiter (Tai Sui position), symbolic stars, San Sha and much more.

Follow the instructions below to understand and use the calendar. You can make an easy and fast use, even if you are not that experienced. Of course, if you know the matter and how to use Ba Zi and personal stars, you can find far more accurate dates. Getting better is up to you!

After using this Guide for a time, you will also notice some recurrences and some important issues that could come up. Use this new information to become more experienced and find better dates!

### IMPORTANT NOTES:

1 - In the lunisolar calendar all times are given GMT+0 (Greenwich Mean Time). If you don't live in the GMT+0 time zone, you will need to adjust. Luckily, this is easily done using [Ba Zi Calculator](#).

2 - If you want the most accurate time, you will need to use the longitude of the place and apply other corrections (Equation of Time, ...).  
You can do all calculations automatically on [Ba Zi Calculator](#).

3 - DST (Daylight Saving Time) is not indicated. To find the civil time (i.e., the time you usually look at on your watch) you will need to adjust; that usually consists in adding 1 hour in summer time. Not all countries add exactly 1 hour in summer, and not all countries adopt DST. All these calculations are made automatically on [Ba Zi Calculator](#).

## ASTROLOGICAL ASPECTS

	<p><b>Tai Sui</b></p> <p>This is not a dangerous day (the 'Grand Duke'). Still, it is better not to use it, especially in Feng Shui (construction, demolition, etc.).</p>
	<p><b>Year Breaker Day</b></p> <p>The Sui Po is clashing with the Tai Sui. Should be certainly avoided for activities lasting three months or more. It is acceptable for short-term activities, but you should still try to avoid this day. You can use this day for very specific activities involving 'breaking something' related to the current year.</p>
	<p><b>Month Breaker Day</b></p> <p>The day is clashing with the month pillar. If possible, always avoid these days. Nonetheless, they are good for demolition, breaking walls, excavation, digging, breaking something with no particular care. That's why, you usually don't use this day for breaking a relationship or something important: it will work but it can leave you in a mess.</p>
  	<p><b>Yearly Three Killings Days (San Sha)</b></p> <p>They are carried by day EB. You should always avoid these days for long-term activities. You can use these days for short term activities (a few weeks or months), if necessary.</p> <ul style="list-style-type: none"> <li>- Robbery Sha Day: you can loose money, personal objects, being robbed (not necessary on a physical level). They are also not good for traveling, for money deposit or withdrawal;</li> <li>- Calamity Sha Day: this is the worst kind of Sha. These days are associated with misfortune, issues, harms. They are not good for medical surgery, unless necessary;</li> <li>- Annual (Earth) Sha Day: they bear isolation, immobility, stillness, blockages, delays, lack of development, procrastinating, wrong start.</li> </ul>

  	<p><b>Monthly Three Killings Days</b></p> <p>Similar to Yearly Three Killings days. Avoid these days, especially for short term activities. You can use these days for long term activities (more than 6 months), if necessary. They are carried by day EB.</p> <p>They are named:</p> <ul style="list-style-type: none"> <li>- Robbery Sha;</li> <li>- Calamity Sha;</li> <li>- Monthly (Earth) Sha.</li> </ul>
	<p><b>Four Extinct Days</b></p> <p>The day before the season starting. This is a weak energy day, avoid it.</p>
	<p><b>Four Separating Days</b></p> <p>The day before solstice or equinox. This is a weak energy day, avoid it.</p>
	<p><b>Dead Days</b></p> <p>This is the wrong day in the wrong season. Better avoiding it, unless you know the exceptions.</p>
	<p><b>No Wealth / Big Disaster Days</b></p> <p>Try to avoid these days, especially for activities concerning money or value: buying, selling, trading, rewards, important agreements, acquiring goods.</p>
	<p><b>Year Empty Star</b></p> <p>This star is giving a mysterious effect. It can trigger the appearance of something, without that being really there, without real substance. It is called void star as the appearance is empty inside, it is just a mirage. This star can also make something 'blow up' for a very short time. The EB is not getting help from the Tai Sui. As such, it is considered unfavorable, but it is not always the case.</p> <p>For instance, this star mixed with personal Peach Blossom and Academic Stars is good for openings, presentations, publications, and generally for all activities that need a lot of showing, fast success, and fast spreading.</p>

	<p><b>Yearly Traveling Horse Star</b></p> <p>This star is giving the day a 'rush and run' taste. It can help moving things forward, giving them a kick. It can also multiply the DP influence.</p> <p>In the Water Rabbit year, this star is carried by the Dragon and the Snake, which is also carrying the Empty Star. This can multiply the effect, but can also mean 'doing a lot of work for nothing' or 'showing a lot of activity whilst it's not true'. Use it wisely.</p>
	<p><b>Moon Blessing Star</b></p> <p>This is a very good star giving help and protection.</p>
	<p><b>Heaven Blessing Star</b></p> <p>This is a very good star giving help and protection. Even stronger than the Moon Blessing Star.</p>
	<p><b>Yearly Storage Star</b></p> <p>This star is particularly good for incomes, earnings, gains, profits, buying and selling goods, prizes, money deposit and accumulation. It is based on YP. It is long lasting.</p>
	<p><b>Monthly Storage Star</b></p> <p>This star is particularly good for incomes, earnings, gains, profits, buying and selling goods, prizes, money deposit and accumulation. It is based on MP. It is short lasting.</p> <p>It is considered weaker than the yearly Storage Star</p>

NOTES

KAN YU FENG SHUI ACADEMY

Every 12 days, there is one Day Branch that is clashing with your Day Master pillar. This is usually considered unfavorable, especially for family, house and even money matters. It can be used for a separation, for splitting, for demolishing work; if you want a drastic output from your actions.

This information is customized to your birth chart. You will need to plot your chart first, using [Ba Zi Calculator](#), and then look at the Zodiacal Animal right under the Day Master. When this Animal appears in the fifth column, the day is clashing you, your family and your house.

If the EB clashing your Day Master pillar is favorable, or you already know the clash is favorable in your chart, you can skip this information. But still, be careful!

## HOW TO CHOOSE A DATE

First, you have to check accurately:

1. the type of activity / decision / action you are going to make
2. the duration of this activity, or the duration of the direct effects of your action / decision.

For Feng Shui Date Selection, please refer to the Feng Shui section too.

The Day Official must be suitable to your activity / action. Most of activities (but not all) benefit from favorable stars and aspects. Try to have good or suitable stars in the DP. Try to choose a good hour, not clashing with the DP. Try to have good stars in DP and HP (at least avoid unfavorable stars).

For love and relationship affairs, use the personal Peach Blossom by the Pool Star or the Red Matchmaker Star. If you know more, use your knowledge! The more you can customize the date, the better!

You can easily try different dates on [Ba Zi Calculator](#).

You can use the Day Hexagram as an inspiration. If you know how to use hexagrams in date selection, you can add this dimension.

*May this Calendar bring you help, protection and blessings.*
